Habitat Survey Types:

ETD - Expanded threshold survey

FS - Physical survey

TD - Threshold determination survey

SS - Stream Simulation

NS - No Slope

WP - Weir Pool

LC - Log Controls

Design Option:

SS - Stream Simulation

NS - No Slope

WP - Weir Pool

LC - Log Controls

Project Status:

Scope/PS - Project requires scoping work and physical survey

Const/Yes - Biological Scoping is complete and the project is recommended for construction

Const/Oth - Project is scheduled with other than 14 funding sources

Const/T6 - Scheduled for construction by Transportation; on the Six Year Plan

Const/W6 - Scheduled for construction by Fish and Wildlife; on the Six Year Plan
